Blackstone about \$9B

Reported: Bloomberg, Oct 2, 2026; Financial Times, Oct 5, 2026 · rating: S&P Global Ratings, Jan 6, 2026

Broadcom is supplier, credit support and potential noteholder in one stack.

Anthropic leases Broadcom-built TPUs.

Broadcom provides credit support on senior debt and may take up to \$42B in convertible notes.

Reported: Bloomberg, Oct 2; FT, Oct 5, 2026 · facility:
Broadcom Form 10-Q, Sep 10; Reuters, Oct 1, 2026

Reuters (citing Anthropic's prospectus), Oct 1; Bloomberg, Oct 2; Broadcom Form 10-Q, Sep 10, 2026

Senior debt is syndicating now. Lease payments start after full deployment.

Class A opened October 5. Class B may wait for IPO disclosures. Capacity arrives from 2027. Payment timing follows deployment.

- **Oct 5, 2026**
Class A syndication opened
- **Anthropic IPO planned, date not set**
Class B marketing may follow
- **2027**
TPU capacity comes online
- **After full deployment**
lease payments begin, per FT

Financial Times, Oct 5, 2026; Anthropic, Apr 6, 2026; Reuters, Sep 30, 2026

THE VENTURE FOX READ

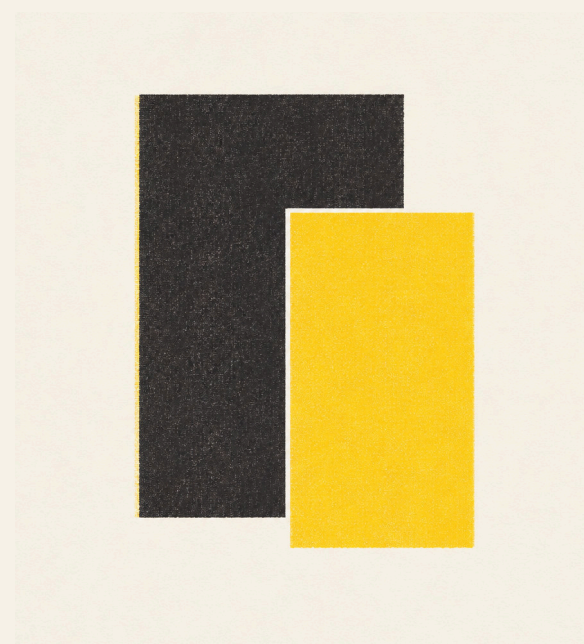

The chip race is priced in financing terms, not benchmarks.

Anthropic's filing names the conflict: Broadcom supplies and finances the chips. The question: how each tranche behaves if timing slips.

If TPU deployment slips, which obligation in this stack is **affected first?**
